**OUR COLOURFUL NATURE** 

## Index

# hiidea<sup>®</sup> OUR COLOURFUL NATURE

Our nature is the key to everything we do. Based on the pillars of sustainability and innovation, we present a collection that reflects our commitment to the environment, society and the customer, contributing to a more colourful and responsible future.

#### OUR PROMISE TO YOU: EMBRACING SUSTAINABILITY FOR A BRIGHTER FUTURE.

Sustainability isn't just a concept, it's our commitment to a brighter and more responsible future. We understand the vital significance of preserving our planet, supporting our people, and fostering innovation in our business practices. We believe that these three pillars - Business & Innovation, People, and Planet - are interconnected and essential for a thriving future. Join us on our journey as we strive to make every action count, every choice eco-conscious, and every day a step closer to a world we can all be proud of.

#### **BUSINESS & INNOVATION**

Develop reliable products to drive sustainable growth, powered by efficiency, innovation, and a conscientious supply chain.

### PEOPLE

Foster a compassionate, diverse, and stimulating work environment for our employees, maintain strong and transparent relationships with our suppliers, and actively contribute to the development of an inclusive society in our community.

PLANET

Steer and oversee our operations with a strong focus on low carbon footprint and resource efficiency, championing conscientious consumption.

### HOW DO WE MAKE OUR PRODUCTS ACCOUNTABLE?

People and Governance

Quality, Environment, Health and Safety

Product collection focused on Sustainability

## Together we can make a difference and the time is now.

### DGL

DIGITAL PRINTING

Digital printing involves printing paper, with photographic quality. This technique is widely used for labels or pins.

### DOM

Doming consists of applying a clear resin (epoxy) on a printed slip. This layer of resin produces the effect of depth and protection and results in a 3D effect. The end result is shiny, resistant and durable.

#### DTG DIRECT TO GARMENT

Textile direct printing is a full colour digital printing technique for textiles, ideal for small quantities.

#### DUV

HDG

UV printing offers great advantages like speed and high quality guarantee. This technique is very appealing for printing in several colours. Ideal for small quantities and can be applied on plain or slightly curved surfaces.

**EDB** EMBROIDERY CREATE IT

The well-known embroidery technique allows customization on good quality fabrics with great quality and perfection. Embroidery replicates designs with a large variety of colours and distinct lines

A technique that allows you to personalise different types of fabric, achieve a high quality finish and achieve perfection with three-dimensional personalisation in relief.

Firing is a printing technique where special paints are applied using high temperatures to transfer the logo onto the product. It is ideal for glass, ceramic or porcelain. We have 2 options available: the low temperature, possible for logos up to 10 solid colours; and the high temperature option, that guarantees a longer durability and can be used for black and/or white.

HYDROGLAZE

Hydroglaze is a technique that consists of spraying any pantone color, with a matt or glossy finish, onto glass, ceramic or porcelain.

HTS

Hot stamping consists of reproducing designs by means of a hot press on leather or imitation leather products. Furthermore, this technique allows transferring a metallic or pigment finish, adding color to the branding.

Laser engraving is a precise and long-lasting method. The laser beams engrave the design on hard surfaces. Besides metal, it can also be used on wood, leather/PU and glass with exquisite and elegant results.

### LSR

Use of a high-precision laser beam, allowing for low-relief engraving. This laser can be fibre optic, suitable for metals, or CO2, suitable for wood and cork, or UV, suitable for glass.

#### PDP PAD PRINTING

Process used mainly for printing small objects like pens. It is very versatile and adapts to curvy shapes. It is the most economical solution for various products.

### SCR

SCREEN PRINTING

Screen printing is a printing technique which provides trustworthy and long-lasting results. This method can be used on smooth surfaces; printing in high definition even with more than one colour.

Sandblasting, creates a 3D effect with great detail. This technique is ideal for glass, ceramic or porcelain.

#### SRC

CIRCULAR SCREEN

Rotary screen printing is similar to the process of screen printing, but optimized for 360° printing. This process is indicated for pens.

#### STI

STICKERS

Printing vinyl stickers with photographic quality and a wide variety of sizes and shapes.

Sublimation offers the advantage of being able to be used on concave surfaces, producing well-defined designs. It also results in a design highly resistant to extreme temperatures.

Transfer process optimised for digital printing of small quantities, without colour limits.

This method enables results on various types of fabrics and is very economic for multicolour printing on small quantities.

A method similar to silkscreen printing, however optimized to be used on textiles.

Circular UV is identical to the UV process, but optimized for 360° printing.

# infinite**b∞k**

Infinitebook, founded in 2014 within a Portuguese high school classroom, emerged as a response to the limitations posed by traditional pencils, pens, and paper. The founders aimed to promote sustainability by creating a tool that significantly reduces paper usage in everyday tasks. This innovative product combines the familiar, fluid writing experience of a traditional notebook with the easy-to-erase properties of a whiteboard. Infinitebook allows users to write, erase, and rewrite their ideas endlessly, making it a versatile and eco-friendly alternative to conventional notebooks. Today, it has become a global success, serving customers in over 50 countries.

### You are helping save:

93 420 000 litres of water

1 903 trees

1 Infinite Notebook = More than **100** Conventionals

# How to erase the Infinitebook:

#### Mini Eraser

On the back of the Infinitebook's marker is an eraser like the one on whiteboards. It helps to erase minor spelling mistakes.

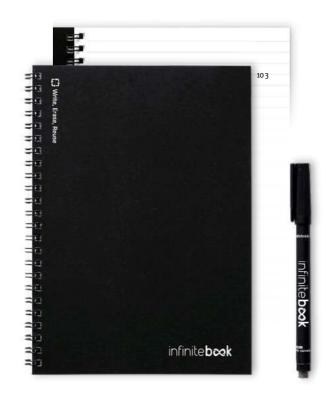

#### Damp Cloth

With an everyday cloth dampened with water and well wrung out, you can erase entire pages. This method works best on fresh ink.

# Cleaning Kit

It includes a microfiber cloth, a sponge and an empty spray bottle that you must fill with water. It makes cleaning easy, even on old ink.

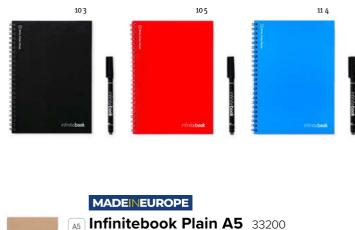

## MADEINEUROPE

# A5 Infinitebook Lined A5 33201

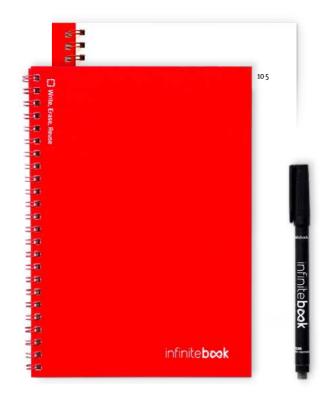

A5 notebook - "Infinitebook" - with flexible cover and matching colour rings. Contains 15 whiteboard-style plain pages and a black marker.
 This notepad enables easy writing and erasing and is a practical solution for minimising paper consumption. Notes can be scanned. Made in Europe. Supplied in a kraft paper envelope with a sticker.

# **Recycled Cotton**

Recycling of discarded cotton, whether in weaving, manufacturing or even post-consumer use. Recycled cotton avoids additional textile waste and requires fewer resources than conventional cotton.

# Harbor 92397

1

Bag made from recycled cotton (70%) and polyester (30% rPET) (280 g/m<sup>2</sup>), with 65 cm handles. Recycled cotton is solid-colored and undyed. The raw material is used in its original form and color, without the use of dyeing or bleaching chemicals, contributing to a lower impact. The solid color is obtained by choosing recycled yarn with the same shade, and impurities and color variations may appear.

 
 <u>↓</u> 380 x 400 x 100 mm
 *✔* TRS, TXP, TRD

# Svaneti 92391

10

Bag made from recycled cotton (70%) and polyester (30% rPET) (150 g/m<sup>2</sup>), with 65 cm handles. Recycled cotton is solid-colored and undyed. The raw material is used in its original form and color, without the use of dyeing or bleaching chemicals, contributing to a lower impact. The solid color is obtained by choosing recycled yarn with the same shade, and impurities and color variations may appear.

## **PERSONAL & TRAVEL**

### An alliance between tradition and modernity

Ach.Brito is one of the oldest and most cherished companies in Portugal. Founded in the city of Porto in 1918, this century-old soap and perfume company stands out for its tradition and elegance. Its longevity is essentially due to four important pillars: its historical legacy, the beauty of its packaging, its experience in soap production and the quality of its products.

### Patti

The success of this famous soap is due to a quality formula based on vegetable soap and invigorating, unmistakable fragrances such as rose, vanilla, lavender, bergamot and patchouli. Ideal for daily skin care, making your skin softer and smoother. After 90 years since its launch, Patti soap is considered a best seller and a favourite with consumers. Capacity up to 160 g. Environmentally friendly product.

Patti 160g 35602 ≩ 90×60×30 mm ✓ SLV, STI

### Lavanda

Soap made with a vegetable soap base and Lavender fragrance, with a soft texture that leaves the skin perfumed. Traditionally produced in Portugal. Capacity 125 g. Classic design packaging that retains the original design, with its green background decorated with small graphics representing lavender flowers.

Created in 1936 for the wealthier classes, the Musgo collection is identified by the crown on its packaging which symbolizes the Portuguese aristocracy and the masculine fragrance. Vegetable soap base with a fragrance of vetiver herbs and eucalyptus with a note of patchouli. Ideal for caring for men's skin, making it clean, soft and lightly scented. Traditionally produced in Portugal. Capacity 160 g. Classic packaging design.

### TH Clothes<sup>®</sup> -The brand

TH Clothes® was created in 2006. The objective was to invest and provide innovative products of certified quality, based on sophisticated designs, colour diversity and an efficient and sustainable use of the resources applied. The brand's main premise is customer satisfaction, without neglecting social responsibility and commitment to quality. All products are OEKO-TEX® certified, since they comply with all the criteria required by STANDARD 100 by OEKO-TEX®. This certification is extremely important, since it guarantees to both customers and users the product safety.
